

ELECTRONIC OCCURRENCE BOOK

A real-time electronic occurrence book *synchronized with control* ensuring all incidents are recorded. This keeps officers *compliant* and controllers *informed, whilst keeping the work place paperless.*

KEY FEATURES:

Custom Templates & Forms

Create and edit your *own templates* for patrol logs, shift handovers, incident reports, visitor entries, and more - *tailored to your organization.*

Smart Reporting Engine

Generate detailed reports and export to PDF or Excel for *easy sharing* and archiving.

Photo & Attachment Support

Enhance your logs with *photo evidence, attachments* and location tagging for comprehensive documentation.

Role-Based Access & Control

Grant access based on *user roles*, this ensures guards, supervisors, and management only see and interact with what they need to.

Offline Functionality

Entries can be created offline and synced once the device is online—*keeping your records uninterrupted.*

Secure Digital Submissions

Each entry is time-stamped and securely stored, *ensuring data integrity* and compliance with reporting standards.

Real-Time Data Capture

Log and submit incidents, events, and reports instantly from any handheld device.

Upgrade your reporting. Simplify your compliance. Empower your team!

Faster Reporting – Eliminate handwriting and delays.

Accountability – Every entry is tied to a user, time and location ensuring traceability.

Professional – Your reports are always clean and *professionally formatted.*

Custom-Built for Security & Operations - Whether you're in facilities management, guarding, logistics, or safety compliance, *the E-OB adapts to your needs.*
